

## SG ECO FUND PROJECTS AWARDED

Note: Some projects are no longer in progress. They may have been completed, withdrawn or terminated.

### AWARDED PROJECTS FOR SG ECO FUND 1<sup>st</sup> GRANT CALL

| S/N | Recipient/Organisation  | Project Title and Summary   |
|-----|---|---|
| 1.  | Bedok Citizens' Consultative Committee                              | <p><u>East Coast GRC Green Ambassadors Training Programme</u></p> <ul style="list-style-type: none"> <li>Implement a programme to train green ambassadors who would help to raise awareness on sustainability issues and lead projects within the community.</li> </ul> |
| 2.  | Buddhist Compassion Relief Tzu-Chi Foundation (Singapore)           | <p><u>Creation of Self-Help Recycling Zones</u></p> <ul style="list-style-type: none"> <li>Set up self-help recycling zones at collection points to encourage sorting of recyclables and teach the community to recycle right.</li> </ul>                               |
| 3.  | Céline Delacharlerie; Chew Li Hong; Aurélie Chameau; Liyana Mahirah | <p><u>Survive The Collapse</u></p> <ul style="list-style-type: none"> <li>Organise an environment-themed scavenger hunt that takes participants to green locations and educates them on sustainability.</li> </ul>  |
| 4.  | Citysprouts Pte Ltd   | <p><u>The Living Sprout</u></p> <ul style="list-style-type: none"> <li>Build a living lab and living classroom with green features to engage citizens on sustainability.</li> </ul>   |
| 5.  | Ernest Goh  | <p><u>Ayer Ayer Upcycled Plastic Building Materials</u></p> <ul style="list-style-type: none"> <li>Collect plastic waste from the community and convert it into construction tiles, as well as conduct upcycling workshops.</li> </ul>                                  |
| 6.  | Engineering Good Ltd  | <p><u>ReMakeIT</u></p> <ul style="list-style-type: none"> <li>Conduct laptop repair and upcycling workshops, and redistribute refurbished laptops to Family Service Centres and MOE beneficiaries.</li> </ul>   |
| 7.  | Eddie Chen; Beatrice Tan; Wilson Law                                | <p><u>Mykílio - Growing better materials for tomorrow</u></p> <ul style="list-style-type: none"> <li>Collect waste byproducts from businesses and the community, and recycle the waste into mycelium-based materials for packaging and furniture.</li> </ul>            |
| 8.  | Family  | <p><u>F.Ar.M</u></p> <ul style="list-style-type: none"> <li>Convert an under-utilised space into a temporary community urban farm with tours, agritech workshops and community composting activities.</li> </ul>  |

|     |   |  |
|-----|---|--|
| 9.  | Fortitude Culina Pte Ltd  | <u>Food Circularity Hub @ Jurong Launchpad</u> <ul style="list-style-type: none"> <li>• Create a food circularity hub by collecting and recycling food waste, and conducting workshops to educate the public on food circularity and gut health.</li> </ul>  |
| 10. | Gardens by the Bay  | <u>Blue carbon capture through Novel Mangrove Wetlands</u> <ul style="list-style-type: none"> <li>• Develop and study a novel freshwater mangrove wetland ecosystem at Gardens by the Bay with the community, and raise public awareness on blue carbon through lectures and citizen-science monitoring sessions.</li> </ul> |
| 11. | Ground-up Innovation Pte Ltd  | <u>Grow In The Community: 3D-Printed Floating Chinampas from Recycled Plastics</u> <ul style="list-style-type: none"> <li>• Conduct workshops to educate the public on environmental issues and how to turn waste plastic into 3D printed planters.</li> </ul>   |
| 12. | Ho Sow Yun  | <u>Gobz - The Community Composter</u> <ul style="list-style-type: none"> <li>• Develop an IoT-based composter with integrated raised-bed gardening system and conduct events to guide the community on composting.</li> </ul>  |
| 13. | Jayden Ong; N. Nithiya  | <u>Community Edible Seed Bank</u> <ul style="list-style-type: none"> <li>• Prototype a seed-exchange machine and conduct seed-saving and edible plants workshop to raise awareness of local edible plants.</li> </ul>  |
| 14. | Keith Loo Zhi En  | <u>AI-enhanced precision growing system for Singapore's Urban Food Security Showcase</u> <ul style="list-style-type: none"> <li>• Install an AI-enhanced precision growing showcase at a community farm to educate the public on new technologies.</li> </ul>  |
| 15. | Little Tree House   | <u>Hydroponics 101</u> <ul style="list-style-type: none"> <li>• Implement hydroponics systems to teach pre-school children about food security and local produce.</li> </ul>   |
| 16. | Low Zhen Kun; Lian Peng Cheng; Chong Shu Chen; Ho Hwee En; Lim Yu Lin | <u>The Hungry Worms</u> <ul style="list-style-type: none"> <li>• Collect food waste from businesses and the community, and recycle them through black soldier fly (BSF) larvae and earthworms composting.</li> </ul>   |
| 17. | Li Xingyi; Eden Teoh; Bertrand Seah                                   | <u>The Green Swan Initiative (GSI)</u> <ul style="list-style-type: none"> <li>• To conduct research on sustainable finance landscape in Singapore and engage the public on their findings.</li> </ul>  |

|     |                                  |   |
|-----|----------------------------------|---|
| 18. | Lyfestyle Group Pte Ltd          | <u>Green Drumming</u> <ul style="list-style-type: none"> <li>Collect and upcycle household waste to drums, which can be used for performances, to educate the community on upcycling.</li> </ul>  |
| 19. | Marymount Community Club         | <u>Food Waste Management: Marymount CC Youth Network, in Collaboration with Eunoia Junior College</u> <ul style="list-style-type: none"> <li>Implement a programme to segregate, collect and compost food waste at Marymount Community Club and Eunoia Junior College.</li> </ul>   |
| 20. | National University of Singapore | <u>Towards Zero-Waste Precincts @ NUS</u> <ul style="list-style-type: none"> <li>Reduce and recycle general and food waste by installing food waste digestors, piloting smart IoT chutes, and implementing behavioural nudges at NUS.</li> </ul>  |
| 21. | Ng Hui Ying                      | <u>Healthy Soils, Healthy Communities</u> <ul style="list-style-type: none"> <li>Educate students on food resilience by conducting interactive workshops on soil health farming.</li> </ul>   |
| 22. | Otolith Enrichment               | <u>Sustainability@Tampines Park</u> <ul style="list-style-type: none"> <li>Scale up community recycling of food waste using black soldier fly (BSF) larvae, conduct research to improve the production of BSF eggs and larvae, as well as the quality of end products, and enhance food waste collection and BSF composting processes.</li> </ul> |
| 23. | One With Earth Pte Ltd           | <u>Little Green Warriors</u> <ul style="list-style-type: none"> <li>Conduct eco-camps to educate children aged 4-6 on sustainability and climate change.</li> </ul>   |
| 24. | Ocean Purpose Project Pte Ltd    | <u>Project White Sands</u> <ul style="list-style-type: none"> <li>Set up a physical learning space at Pasir Ris Beach to educate the community on plastic pollution and keeping beaches clean, and conduct workshops and provide tools for the public to do beach clean-ups.</li> </ul>   |
| 25. | Rachel Lee                       | <u>Our Eco Neighbourhood</u> <ul style="list-style-type: none"> <li>Recruit volunteers and engage store owners to set up collection points for reusable bags and contact lens blisters.</li> </ul>  |
| 26. | Revolv Pte Ltd                   | <u>Muuse Reuse &amp; Return System</u> <ul style="list-style-type: none"> <li>Implement a reusable rental system and conduct engagement programmes in the neighbourhood to encourage greater community adoption of reusables.</li> </ul>  |

|     |   |  |
|-----|---|--|
| 27. | Singapore Food Agency   | <p><u>Engaging the community on the use of an improved compost made from local waste streams</u></p> <ul style="list-style-type: none"> <li>• Work with Town Councils and the community to develop an improved compost, to increase the offtake of compost from poultry farms.</li> </ul>  |
| 28. | Singapore Management University                                 | <p><u>Creating Community Awareness of Food Sustainability through Insects</u></p> <ul style="list-style-type: none"> <li>• Educate students on how insects can convert food waste into useful products, and study the public perception of insect-based food.</li> </ul>   |
| 29. | SingHealth Duke-NUS Institute of Biodiversity Medicine (BD-MED) | <p><u>Aquaponics Farming on SGH Campus Rooftop</u></p> <ul style="list-style-type: none"> <li>• Implement a community-based rooftop aquaponics farming project, introduce horticultural therapy and conduct sustainability programmes at Singapore General Hospital.</li> </ul>  |
| 30. | Social Innovation Park Ltd                                      | <p><u>L.E.A.D. with Nature</u></p> <ul style="list-style-type: none"> <li>• Conduct an urban farming programme in schools, with senior citizens as partners on the farm.</li> </ul>  |
| 31. | Singapore Institute of Building Limited                         | <p><u>Green Living Through App-based Education and Gamification</u></p> <ul style="list-style-type: none"> <li>• Raise awareness on environmental issues and encourage more residents to adopt an eco-friendly lifestyle, through community education programmes, sustainable markets, and an app with interactive games.</li> </ul> |
| 32. | Stanley Tan; Lim Lecarl; Jeongjun Yun                           | <p><u>The Green Pins</u></p> <ul style="list-style-type: none"> <li>• Consult the community and develop an application for consumers to locate F&amp;B businesses that have customer-oriented sustainable policies.</li> </ul>   |
| 33. | theVoice Productions  | <p><u>Beyond Just Food</u></p> <ul style="list-style-type: none"> <li>• Raise awareness on climate change among upper primary and secondary school students through skits.</li> </ul>  |
| 34. | Thryft Private Limited  | <p><u>Project Earth Convention</u></p> <ul style="list-style-type: none"> <li>• Organise a sustainability fair to engage the public and encourage them to take action, through trade-in of second-hand books and showcasing sustainable products and green groups.</li> </ul>  |

|     |  |  |
|-----|--|--|
| 35. | Woo Qiyun; Goh Fang Min; Stacey Yip; Darren Leong; Shawn Chew          | <u>Climate Commons</u> <ul style="list-style-type: none"> <li>• Develop a website and work with NGOs to educate the public on climate change in immersive and practical ways, such as visual essays.</li> </ul>  |
| 36. | Wong Jun Hao; Chan Wan Ting; Zhang Chenxin; Pang Tien Feng; Alexis Goh | <u>Bioevolution Game</u> <ul style="list-style-type: none"> <li>• Produce a board game and conduct game sessions for schools and nature groups to educate the public on biodiversity.</li> </ul>   |
| 37. | Yuhua Citizens' Consultative Committee                                 | <u>Yuhua Agri-tech - Solar (YAS) Living Lab</u> <ul style="list-style-type: none"> <li>• Convert a multi-storey carpark rooftop into a living lab for urban farming that integrates high-tech soil-less vegetables growing and solar power.</li> </ul> |

**AWARDED PROJECTS FOR SG ECO FUND 2<sup>nd</sup> GRANT CALL  
SPROUT CATEGORY**

| <b>S/N</b> | <b>Recipient/Organisation</b>  | <b>Project Title and Summary</b>   |
|------------|--|--|
| 38.        | ACS International  | <p><u>Compost for the Community</u></p> <ul style="list-style-type: none"> <li>Establish a food waste recycling programme and run composting workshops for the school community and parents.</li> </ul>  |
| 39.        | Amplefresh Pte Ltd   | <p><u>Singapore Food Sustainability Community Engagement</u></p> <ul style="list-style-type: none"> <li>Organise programmes at Choa Chu Kang Public Library to educate the community on food security issues, such as food production and food waste.</li> </ul>   |
| 40.        | Buddhist Compassion Relief Tzu-Chi Foundation (Singapore)  | <p><u>Tzu Chi x PaGamO Environmental Education E-sports World Cup - Singapore Region</u></p> <ul style="list-style-type: none"> <li>Organise an environmental online competition that covers nine topics.</li> <li>Training sessions will be conducted to build participants' knowledge of environmental issues.</li> </ul>  |
| 41.        | Cassandra Yip Ai Lin; Sheryl Chan Si Ern; Po Qian Hwee; Dennis Tan Wei Jie; Audrey Lim Ya Zi; Syam Lekshmi; Tasha Phua Xinci (members of Earth School Singapore) | <p><u>Student Heroes in Environmental Leadership Development (SHIELD) 2022</u></p> <ul style="list-style-type: none"> <li>Organise an environmental education programme to train and groom student leaders from primary schools.</li> <li>Student leaders will be mentored to implement an environmental project in the community.</li> </ul>  |
| 42.        | Chua Chu Kang Citizens' Consultative Committee   | <p><u>Giving Food Waste a Purpose</u></p> <ul style="list-style-type: none"> <li>Collect food waste from the community and recycle it into compost via vermicomposting.</li> <li>Train community gardeners on vermicomposting, who will then go on to educate residents on turning food waste into compost.</li> </ul>   |
| 43.        | EM Services Pte Ltd  | <p><u>Enhancing Nature and Biodiversity in HDB Estates with Biodiversity Nodes</u></p> <ul style="list-style-type: none"> <li>Create biodiversity nodes in Tiong Bahru, Bukit Merah View and Kim Tian to attract butterflies, bees and birds and promote pollination using pollinator-attracting plants.</li> <li>Once established, run engagement programmes with preschools to expose children to horti-tech and biodiversity in their neighbourhood.</li> </ul> |

|     |                                   |   |
|-----|-----------------------------------|---|
| 44. | Go Green Sparks Ltd               | <u>Community Online/Offline Workshops</u> <ul style="list-style-type: none"> <li>Recruit and train volunteers to organise sustainability-related activities and engage the community.</li> </ul>  |
| 45. | Greensquare Pte Ltd               | <u>Greensquare Community Engagement</u> <ul style="list-style-type: none"> <li>Set up textile waste collection points at community centres and malls and educate the public on textile waste.</li> </ul>  |
| 46. | Hang Ying Qi; Amelia Teo Wei Fang | <u>Toh Yi Community Compost</u> <ul style="list-style-type: none"> <li>Implement a volunteer-managed community compost programme in Toh Yi estate.</li> </ul>   |
| 47. | Happy Universe LLP                | <u>Train the Teacher on Environmental Care Activities</u> <ul style="list-style-type: none"> <li>Train kindergarten educators to deliver an eight-session sustainability curriculum.</li> </ul>   |
| 48. | HEB Ashram Halfway House          | <u>Sustainability of Eco Garden</u> <ul style="list-style-type: none"> <li>Revamp the existing garden to include new and improved planting areas and an aquaponics setup</li> <li>Local community and family members of the residents will be engaged through gardening-related activities.</li> </ul>  |
| 49. | Hwa Chong Institution             | <u>Building a Circular and Resilient Food Community System with Insects</u> <ul style="list-style-type: none"> <li>Set up a food waste management system and research facility using black soldier flies.</li> <li>School community will be involved in segregating and upcycling food waste, and conducting research on food waste valorisation.</li> </ul>            |
| 50. | Interseed                         | <u>Sustainability Initiatives Map</u> <ul style="list-style-type: none"> <li>Build an interactive dashboard of “sustainability initiatives near me” for their existing digital platform, which will help the public find sustainability programmes according to their interest, commitment level and location.</li> </ul>   |
| 51. | Koh Jia An Matthew; Timothy Chee  | <u>BAUM Movement</u> <ul style="list-style-type: none"> <li>Enhance the sustainable investing digital platform with community features, resources and events on sustainable investing.</li> <li>Users of the online platform will be able to build their own investment portfolio based on the Environmental, Social, Governance (ESG) information provided.</li> </ul> |

|     |  |   |
|-----|--|---|
| 52. | Land Transport Authority   | <p><u>Upcycling of Train Seats</u></p> <ul style="list-style-type: none"> <li>• Work with students from ITE College West, Rapid Transit Engineering Department, to upcycle and refurbish MRT cabin seats from decommissioned trains.</li> <li>• Refurbished seats will be placed in public locations for the community to use.</li> </ul> |
| 53. | Lim Hui Zhen; Kruthika Eswaran; Terese Anne Teoh Hui Shan; Aarti Giri (members of Plastic-Lite SG) | <p><u>Bounce Bags - Share Bags for Our Shared Planet</u></p> <ul style="list-style-type: none"> <li>• Implement reusable bag sharing points at public locations, and conduct bag collection drives with the community.</li> </ul>   |
| 54. | Maple Bear Academy Pte Ltd   | <p><u>Little Green Fingers</u></p> <ul style="list-style-type: none"> <li>• Build an edible garden in the preschool for children to gain hands-on experience of growing edible plants.</li> <li>• A portion of the harvest will be donated to community organisations.</li> </ul>   |
| 55. | Maya Hari; John Desmond Sheehy; Huang Huanmin  | <p><u>Share the Green - 65 Pasir Panjang</u></p> <ul style="list-style-type: none"> <li>• Partner Shopback and ThirdSpace to build an edible community garden and run community programmes.</li> </ul>  |
| 56. | Moulmein-Cairnhill Citizens' Consultative Committee (OurGreenMoCa)                                 | <p><u>Keep Pek Kio Clean and Green</u></p> <ul style="list-style-type: none"> <li>• Design and install an exhibition comprising education boards and a "rubbish tracker" within the community to raise awareness about littering and recycling.</li> </ul>  |
| 57. | Moulmein-Cairnhill Citizens' Consultative Committee (OurGreenMoCa)                                 | <p><u>Therapeutic &amp; Edible Garden for Seniors</u></p> <ul style="list-style-type: none"> <li>• Build a senior-friendly garden and conduct various gardening activities for the community.</li> </ul>  |
| 58. | Mushroom World   | <p><u>Diverting Food Waste from Incineration to Grow Edible Mushrooms and Biodegradable Products</u></p> <ul style="list-style-type: none"> <li>• Conduct workshops and hands-on activities to teach the community how to repurpose waste for mushroom cultivation.</li> </ul>  |
| 59. | Neo Zhi Xuan; Zheng Junze; Gaurav Keerthi; Gillianne Papsine                                       | <p><u>Recycle Go Where</u></p> <ul style="list-style-type: none"> <li>• Develop a web application that provides users with information on where and how to recycle specific items in Singapore.</li> </ul>  |
| 60. | Ng Kok Keong; Lim Lee Kem; Yu Soh Jen  | <p><u>The Green Wall of Singapore</u></p> <ul style="list-style-type: none"> <li>• Pilot an automated vertical hydroponics set-up at Jurong Pioneer Junior College and train students to conduct urban farming.</li> </ul>  |

|     |   |  |
|-----|---|--|
| 61. | Ng Ziyang Derlyn; Teo Yu Ning; Serini Upeksha Rajaguru; Ying Fangfei Anna | <u>k.sugi</u> <ul style="list-style-type: none"> <li>Recycle plastic and food waste into 3D printed products, and provide a source of income for lower-income mothers.</li> </ul>  |
| 62. | Nova Ceceliana Nelson; Ma Kin Hong  | <u>Closed Loop Collective</u> <ul style="list-style-type: none"> <li>Design a closed-loop self-sustaining grow bed system at Goodman Grows Community Farm, which integrates hydroponics, aeroponics and vermicomposting to grow herbs and vegetables.</li> <li>Food waste will be collected from neighbourhood businesses and converted into compost.</li> </ul> |
| 63. | Nurture Tots Preschool Pte Ltd  | <u>Urban Farming Edu-tainment for the Young at Heart</u> <ul style="list-style-type: none"> <li>Establish an inter-generational urban farming programme that engages pre-school kids, parents and grandparents on food resilience and farming concepts through a hydroponics setup at the preschool.</li> </ul>  |
| 64. | Pack It Collective Pte Ltd  | <u>How to Reduce Plastics Usage in E-commerce?</u> <ul style="list-style-type: none"> <li>Collect and upcycle cardboard waste from e-commerce businesses into a honeycomb material, which can be used to replace plastic wrap for e-commerce delivery of goods.</li> </ul>   |
| 65. | PCF Sparkletots Preschool @ Sengkang East Blk 143                         | <u>Planting for a Sustainable Singapore in Horizon and Sparkletots Secret Garden</u> <ul style="list-style-type: none"> <li>Build an edible community garden to teach pre-schoolers about vegetable cultivation and composting.</li> </ul>   |
| 66. | Pinevale Condominium  | <u>Pinevale by the Bay</u> <ul style="list-style-type: none"> <li>Create an edible garden to engage residents living within and in the vicinity of the condominium on environmental concepts such as farming and composting.</li> </ul>  |
| 67. | Ping An Green Residents' Committee  | <u>Composters@ChaiChee</u> <ul style="list-style-type: none"> <li>Start a food waste reduction programme, which includes workshops, house visits and a central composting set-up within the neighbourhood.</li> </ul>  |
| 68. | Semula Pte Ltd  | <u>I Love Tampines - A Passion Project by Semula</u> <ul style="list-style-type: none"> <li>Work with North East CDC to conduct plastic collection drives and plastic recycling workshops.</li> </ul>  |

|     |   |   |
|-----|---|---|
| 69. | Stridy Limited                            | <p><u>Stridy Limited</u></p> <ul style="list-style-type: none"> <li>• Introduce new features to the Stridy litter-picking app to help establish new partnerships, conduct litter-picking events, and encourage more community members to pick up litter.</li> </ul>                                       |
| 70. | Soh Bee Ling;<br>Soh Chye Ann             | <p><u>Eco-Enable Art</u></p> <ul style="list-style-type: none"> <li>• Conduct a series of workshops which senior participants can attend to discuss various environmental topics, create art pieces based on environmental themes, and make pro-environmental lifestyle changes post-workshop.</li> </ul> |
| 71. | Tan Jing Xiang; Nicholas<br>Chin Hao Rong | <p><u>Rejuvenation Via Waste</u></p> <ul style="list-style-type: none"> <li>• Set up composting facilities on the rooftop of Beauty World Centre and engage the community to donate their food waste and attend composting workshops.</li> </ul>  |
| 72. | Tembusu CSR                               | <p><u>Sustainability Animated Videos</u></p> <ul style="list-style-type: none"> <li>• Create animated videos on environmental topics such as plastic waste.</li> <li>• Children will be invited to participate in an environmental challenge.</li> </ul>  |
| 73. | The Green Collective SG<br>Pte Ltd        | <p><u>Composting Kampung</u></p> <ul style="list-style-type: none"> <li>• Recruit and train green advocates on home composting, who will then train members from their own communities.</li> </ul>  |
| 74. | The Saturday Movement                     | <p><u>Lengkok Bahru Edible Community Farm</u></p> <ul style="list-style-type: none"> <li>• Set up an edible community farm and train resident volunteers on how to farm.</li> </ul>   |
| 75. | Waterways Watch<br>Society                | <p><u>ECO Bike Tour</u></p> <ul style="list-style-type: none"> <li>• Conduct guided bicycle tours at Jurong Lake Gardens.</li> <li>• The tours will include an educational sharing on biodiversity in Singapore and the impacts of litter, as well as a litter-picking activity.</li> </ul>               |
| 76. | William Lee                               | <p><u>Upcycling of the Plastic Bottles</u></p> <ul style="list-style-type: none"> <li>• Collect used plastic bottles in the school and teach students how to upcycle the plastic bottles into self-watering gardening pots.</li> </ul>  |

|     |   |  |
|-----|---|--|
| 77. | Wong Han Teng; Crasta Renita Sophia; Sophia Koo Shi Hui | <u>CMSC – WeGarden</u> <ul style="list-style-type: none"> <li>• Set up modular community gardens at worker dormitories to grow edible vegetables and fruits, as well as to improve foreign workers' mental, physical and nutritional health.</li> </ul>                |
| 78. | Wong Peng Liang   | <u>Community DIY production: From Raw Food Waste into Eco-enzyme Natural Cleaner</u> <ul style="list-style-type: none"> <li>• Provide start-up kits and online workshops to teach residents how to convert vegetable and fruit peels into natural cleaners.</li> </ul> |
| 79. | Yong Wiltau; Loh Lai Chun                               | <u>Community Farming/Composting at Seletaris Condominium</u> <ul style="list-style-type: none"> <li>• Start a food waste segregation, composting and farming programme for the community.</li> </ul>   |
